Prachi Manchanda

Rails Girls Summer of Code

---

## What is Rails Girls Summer of Code?

An open-source fellowship program, like GSoC or Outreachy, but a little different ;)

You will work with a partner

For women and people with non-binary gender identities

**Help will always be given at  
~~Hogwarts~~ RGSoc to those who  
ask for it.**

---

---

coala.io

# coala finds code problems

and fixes them as well :)

Would you rewrite LibreOffice for  
spell checking every natural language?

# What is coala?

- **Code linter and checker**  
Find your problems (and fix them)
- **Unified command line control**  
Independent of the platform you are on or the language you are using
- **Plug in to your fav code editors**  
Atom, Sublime, Vim, VSCode, Emacs

CSS-  
Lint

PyLint

Clang

Check-  
style

Custom

Atom  
Gedit

...

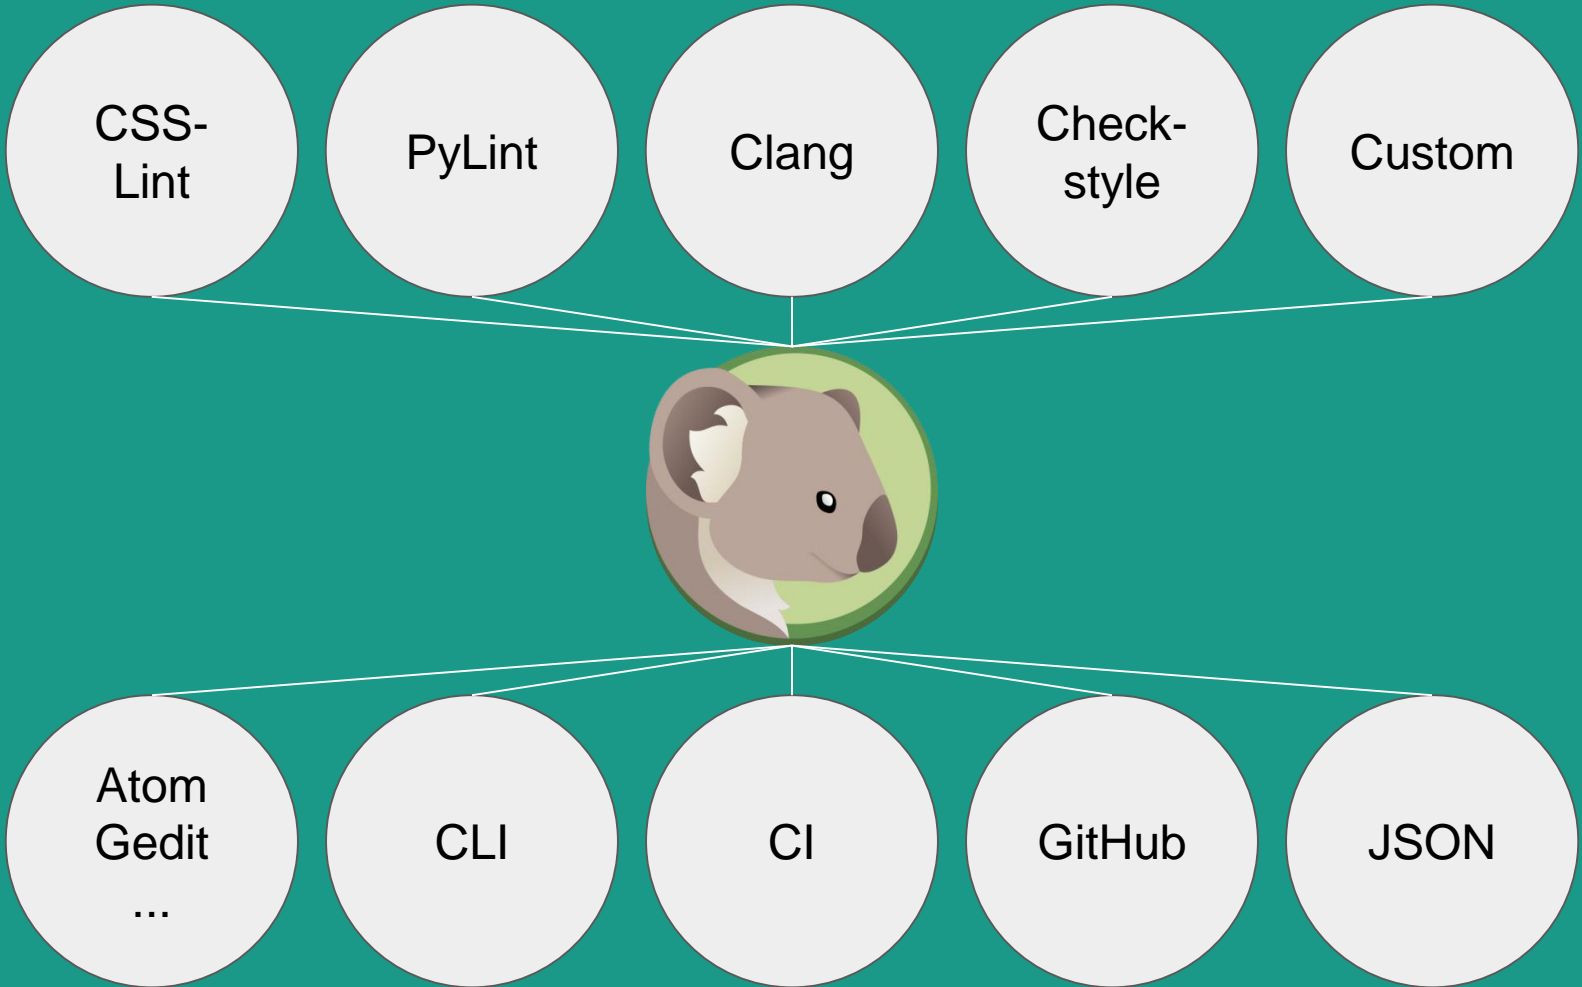

CLI

CI

GitHub

JSON

**Analysis for  
60+  
languages (and counting)**

---

**How does it  
work?**

**→ Native Bears**

**→ Linter Bears**

coala is cool :)
